3. 다음을 듣고, 남자가 하는 말의 목적으로 가장 적절한 것을 고르시오.

M: Hello, everyone. Recently, an increasing number of people fly drones as their hobby. I hope you have fun flying drones, but there are a few things to remember before flying one up into the sky. First of all, do your research. Regulations vary from place to place, so check for the local guidelines and restrictions. Also, stay below 400 feet in order to keep away from manned aircraft. Don't fly over people. Practice good judgment and stay clear of people, vehicles, and other drones. Finally, don't fly after dark, even if your drone has night lights. If you follow these simple rules, the skies will be safe for everyone.

16번부터 17번은 두 번 들려줍니다.

[16 ~ 17] 다음을 듣고, 물음에 답하십시오.

W: Hello, everyone. I'm Linda Taylor with Harmony Music School. Last time, we talked about the importance of music in early childhood. Today, I'd like to tell you a few things to consider when selecting the right instrument for your child. The first thing to consider is age. If your child is under six, piano is a good start because it's the instrument that helps build a solid foundation in music. Some instruments require your child to be of a certain size. For example, trumpet is more appropriate for ten-year-olds because they are not made in small sizes. Your child's interest is another important factor. If your child likes the sound of a guitar, they will fall in love with the instrument right away. Likewise, if your child likes the sound of a saxophone, they will enjoy playing it. With these factors in mind, you and your child can make a wise decision.
