M: Mary, did you get the link to the online survey for my social studies project? I sent it to you this morning.

W: Yes, I did. But I have a student council meeting right now. When do you need it done by?

M: Actually, the sooner the better.

W: _____

2번 대화를 듣고, 여자의 마지막 말에 대한 남자의 응답으로 가장 적절한 것을 고르시오.

W: Tom, do you think we should still go hiking this Sunday? It's going to be really rainy and windy on that day.

M: I know. I saw the weather forecast this morning.

W: Safety comes first. I think we should cancel our hiking plan this time.

M: _____

3번 대화를 듣고, 남자의 마지막 말에 대한 여자의 응답으로 가장 적절한 것을 고르시오.

M: Emma, I'm starving because I did not eat breakfast this morning. I say we head out for lunch a little early.

W: Okay. What do you think about eating either pasta or sandwiches?

M: Both are good, but I had pasta last night. So I don't want to eat it today.

W: _____

4번 다음을 듣고, 여자가 하는 말의 주제로 가장 적절한 것을 고르시오.

W: Okay, students. Last class, we learned how local store owners cooperate with each other to help grow their businesses. Today, let's focus on the benefits of shopping at small local stores. It's often the case that these stores focus a lot on the quality of their products. So they usually have really fresh, high-quality products. Moreover, small local stores typically have excellent customer service. They genuinely value each customer and take the time to get to know each of them personally. Doesn't that sound like the type of place you'd like to shop at? Please raise your hand and let me know what you think.

5번 다음을 듣고, 남자가 하는 말의 목적으로 가장 적절한 것을 고르시오.

M: Hello, everyone. For your presentation next class, you should use visual materials such as pictures, charts, or slides. As you know, it's important to display them properly. So let me give you some advice. The most important thing is to display visual materials before you talk about them. And make sure to display them long enough for the audience to understand them. Also, be sure to avoid turning your back to the audience to look at your visual materials on the screen. Always maintain eye contact with the audience, even while describing your visual materials. Last but not least, make sure your visual materials are visible from everywhere in the room. Keep all of these tips in mind for your presentation.

6번 대화를 듣고, 여자의 주장으로 가장 적절한 것을 고르시오.

W: Honey, I've been looking into what type of car we should get.

M: That's good. What do you think?

W: We should get an electric car.

M: Oh. Why do you think so?

W: You know, nowadays, we should consider protecting the environment.

M: I agree. But I don't know much about electric cars. How would getting an electric car help protect the environment?

W: Well, electric cars use electricity, not fossil fuel, so they don't emit carbon dioxide.

M: But don't you need to charge electric cars? Wouldn't that be inconvenient?

W: Yeah, maybe a little bit. But think about how serious the climate crisis is. We should do something for the environment.

M: Well, that makes sense.

7번 대화를 듣고, 남자의 의견으로 가장 적절한 것을 고르시오.

M: Good morning, Tina. How was your weekend?

W: Pretty frustrating. I spent all weekend trying to get my son to read books. But nothing worked.

M: I had that problem with my daughter when she was younger. But I found that telling her a story every night really helped.

W: Hmm. So do you think listening to a story is linked to reading a book?

M: Yeah. When children listen to their parent's story, they visualize it in their mind as if they were reading.

W: But can that really be effective for children who already know how to read and write?

M: Yes. While listening, they also learn more words and about plot structure. This can make them more interested in reading books.

W: That makes sense.

M: In addition, you can suggest books similar to your stories. I did that with my daughter, and it worked really well.

W: Thanks for sharing that. It sounds like a good idea. I'll try it.

8번 대화를 듣고, 두 사람의 관계를 가장 잘 나타낸 것을 고르시오.

W: Hello, Mr. Kim. It's such an honor to meet you.

M: Hello, Ms. Yoon. I'm really glad to be a part of your school festival.

W: Honestly, I never imagined you'd be here. Thank you so much for agreeing to sing for our students.

M: I love singing for students, especially for those who have never had a chance to listen to classical music live. So when you called, I immediately said yes.

W: In my music class, we watched a video of your performance, and all of my students really wanted to see you perform live.

M: That means a lot to me. Actually, I grew up in an area without a concert hall. I was inspired by watching videos of classical music.

W: Maybe you can inspire our students today.

M: I'll try to give my best performance.

W: Thank you so much. They all can't wait.

M: It's 7 dollars for the photo option.

W: Great. I'd like that. My kids will really love it.

W: Yes. And I will pay by credit card. Here it is.

M: Thanks. Here are your tickets and receipt.

M: Honey, the Midtown Fitness Club just opened up last week.

W: Really? Last week? I didn't know that. I have been looking forward to its opening.

M: Yeah. And it's great because the fitness club is open from 6 a.m. to 11 p.m. every day.

W: That's awesome! How much is the fee?

M: It's 30 dollars a month. Isn't it cheap?

W: Yeah. But I wonder how much exercise equipment they have because it's so cheap.

M: They actually have a lot. I saw a picture online. They have treadmills, exercise bikes, rowing machines, and a lot of other things.

W: That's great. How can we sign up for a membership?

M: Welcome to Hidden Valley Stone Castle. I'm Matthew, and I'll be your tour guide for today. The castle was built in the 11th century. It was a summer house for royal families because as you can see, it's surrounded by beautiful nature. But later, it was used as a prison where many war prisoners were held. In fact, you can see the prison cells in the basement of the castle. Owing to the castle's history and natural beauty, a lot of movies about the Middle Ages were filmed here. You've probably seen some of them. Please understand that some parts of the castle are not accessible due to ongoing repair work. Now, let's start walking around the castle. If you have any questions during the tour, just ask me. I will be happy to answer them.

W: It needs to be at least 24 inches.
M: Then, these four are big enough. What's your budget?
W: Hmm, I don't want to spend more than 200 dollars.
M: Okay. This one is out of your price range. As you can see, we have flat and curved monitors. Curved ones are ideal for gaming, and flat ones are good for activities like surfing the Internet.
W: I'd like a flat one. I don't play any computer games.
M: All right. You're down to these two choices. Do you need built-in speakers?

In this situation, what would Leo most likely say to the other members?

【19-20】 다음을 듣고, 물음에 답하십시오.

W: Welcome to the Lighting Museum! This is the oldest lighting museum in the world. I'm Katie, your tour guide. I'm delighted to show you around today. Let me start by explaining types of lighting, focusing on those before electricity. The first one is the torch. When ancient humans began to use fire, they tried to carry it, so they created the torch. The second one is the oil lamp. The original sources of fuel for it ranged from animal fats to various plant-based oils. The third one is the candle. Many people relied on candles because they provided long-lasting light since they burned slowly. The last one is the gas lamp. The soft glow they gave off allowed people to do various activities at night, like reading. Now let's look at original samples of these. Please make sure you do not touch any of them because they are easy to break.

19번 여자가 하는 말의 주제로 가장 적절한 것을 고르시오.
